

Thoughtexchange Group Insight Game

10 Instructions

1. Everyone answer this question by writing a **Thought** on your card and then describing why it is important to you: *<insert great question here>*
2. Stand up and shuffle the cards by exchanging them with one another around the room for 15 seconds.
3. When the facilitator calls STOP, find a partner.
4. With your partner you have one minute to decide how to assign a **TOTAL of 5 stars** to the two Thoughts on your cards.
*Examples: One Thought gets 1 Star - the other Thought gets 4 Stars.
One Thought gets 3 Stars - the other Thought gets 2 Stars.
Partners can NOT decide to give each Thought 2.5 Stars.*
Each card should now have a "Star Count" of 5 or less written in the **Round 1 Box**.
5. Shuffle the cards again by exchanging for 15 seconds and then repeat the process of shuffling, partnering, deciding and assigning a total of 5 Stars to the Thoughts on the 2 cards for a total of **5 Rounds**.
6. After 5 Rounds, add up all the **Stars Counts** on your card and write the total in the **Total Stars Box**.
7. Take a seat again holding your card. It should have **5 Star Counts** AND a **Total Star Count** written on it.
8. The facilitator will count down starting from 25.
9. Call "**Eureka!**" when the Total Star Count on your card is called. Read the Thought you have discovered to the group.
10. The facilitator will then count down again until the top 5 Thoughts are read.

Optional Closing Activity: (Group of less than 50)

Everyone uses the Star Count on their card to arrange themselves in a circle in order of lowest to highest.

All thoughts are read from lowest to highest.

The facilitator asks a final question: *What is interesting about the Thoughts that were important to our group?*

Everyone in circle is given 30 seconds to answer.
